Georgia Insurance Advisors

WE ARE YOUR INSURANCE PARTNER

FLEXIBLE

As an independent agent, we have multiple A-rated carriers, giving us the flexibility to find the best combination of coverage & cost for your insurance needs.

DEDICATED

We work for you, the client, not the insurance company.

The same team of agents works with you at all times, advising you and serving as your advocate at the time of the claim.

ABOUT OUR COMPANY

As consumers, we do not shop at stores that sell only one brand or eat at restaurants serving only one item, so why would you purchase your insurance from an agent that can only offer one product?

Georgia Insurance Advisors offers:

- Choice
- Customization
- Competitive Pricing

Georgia Insurance Advisors is Your One Stop Insurance Marketplace for Personal, Business, Life, and Health & Disability Products.

We are third generation, family-owned since 1928

Georgia Insurance Advisors is different from an alliance or a vendor in that:

- We give 10% back to the KW Cares non-profit initiative
- We enhance the client experience by serving as a Trusted Advisor
- We have the Power of Choice, with options for nearly every situation
- We work solely with KW, enabling a quick turn around
- Choosing us gives KW more control over variables in the closing process
